#### 2023-24 School Description and Mission Statement

The staff at Paradise Junior High School recognize that our students have unique academic, social and emotional needs. We know that our greatest challenge is to provide an opportunity for all students to learn a curriculum that is based on rigorous standards that are delivered in a creative and engaging environment that helps our students experience success, our greatest motivator. We value balance of academic achievement with character development, helping our students understand their place in a democratic society as intelligent, creative and responsible citizens who need to perform in a very complex world. We review our progress through a system of guidelines and state and school benchmarks and assessments that measure student achievement. We celebrate our successes and we continually redirect our energies to make improvements to positively impact student learning. We continue to develop our strategies for intervention and remediation with before- and after-school assistance, specialized reading and math programs and an array of support services meant to provide a safety net for students at risk. We also have support services coordinated with Butte County Office of Education and an after school program through the Boys and Girls Club.

It is our vision to build a collaborative culture with teachers, parents and students focused on engaging students academically, physically, and socially.

This is a dynamic, student-centered school. We are proud of our accomplishments, and we are excited as we continue to guide our students through the most critical period of their development. We welcome your questions and comments. Please do not hesitate to contact the office for further information about any aspect of Paradise Junior High School.

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement							
Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent	
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	9.00	81.82	98.30	80.10	228366.10	83.12	
Intern Credential Holders Properly Assigned	0.20	1.82	1.60	1.30	4205.90	1.53	
Teachers Without Credentials and Misassignments ("ineffective" under ESSA)	0.70	6.36	5.20	4.24	11216.70	4.08

Total Teaching Positions	11.00	100.00	122.80	100.00	274759.10	100.00	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement							
Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### Teachers Without Credentials and Misassignments (considered "ineffective" under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.50	0.00
Misassignments	0.20	0.00
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.70	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

### Credentialed Teachers Assigned Out-of-Field (considered "out-of-field" under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.20	0.00
Total Out-of-Field Teachers	0.20	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

#### **Class Assignments**

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)		0
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	1.5	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <u>https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp</u>.

#### 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The district sets a high priority on providing current and sufficient textbooks and instructional materials for students. In this regard, our primary goal is to provide instruction and materials that are aligned with the California Content Standards. The district textbook review and approval process consider instructional materials that have been approved by the State Board of Education (SBE) for textbook adoption. Students have access to a wide variety of instructional materials including texts, workbooks, math and science equipment, reference resources, library, and audiovisual materials. The school library and other technology resources provide students and staff with additional tools for learning and accessing information.

Annually the district surveys availability and adequacy of textbooks and science laboratory materials. Sufficient standardsaligned core textbooks are provided for each student on a one-to-one basis. Adequate materials support English language learners. District-adopted materials are consistent with state requirements. In addition, various supplemental programs are utilized in classrooms and a number of intervention programs are used for academic support for struggling learners.

#### School Facility Conditions and Planned Improvements

Due to the passing of the School bond on November 7, 2018 and the Camp Fire on November 8, 2018 There are many new facilities and upgrades happening in Paradise Unified School District (PUSD). On January 18, 2022 PUSD approved the Facilities Project Priorities List where every site will have improvements.

Paradise Junior High School is currently under going a massive classroom renovation and construction project. There is also a campus wide back-up generator that was installed last year. This will allow PJHS to stay on on Power Shutoff days.

## **B. Pupil Outcomes**

### **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### **Statewide Assessments**

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### **College and Career Ready**

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	19	12	28	27	33	34

### 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## **B. Pupil Outcomes**

## **State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

### 2023-24 Opportunities for Parental Involvement

We recognize that parent involvement is a key to student success, and our school site council provides parents in our community an opportunity to work together with the school and the district in the development of board-approved goals and objectives each year. One such avenue is through the School Site Council. Parents may serve up to two consecutive years on the SSC, participating in monthly meetings, monitoring and allocating funds for school activities and serving as liaisons to the community and other parents. Through our monthly meetings, parents participate in the governance of the school, budget decisions, policy and other shared governance responsibilities.

We also reach out to parents at Student Orientation, Back to School Night, and Open House by providing opportunities to connect with community services, create an Aeries portal account to follow their student's academic progress, and sign up for future parent education opportunities. We work to keep families informed using Aeries Communication, Facebook and our webpage. Parents are also encouraged to attend field trips.

Parents have opportunities to be involved in volunteer programs to support the classroom. Parents help plan awards banquets, and the promotion dance. Due to their support, students are able to participate in after-school sports programs. Our student activities and our student council provide additional avenues for parents to become involved in extracurricular activities. For more information about these activities please contact the school office.

We encourage parents and guardians to be as involved with their child's education as time allows.

### 2023-24 School Safety Plan

Below is our School Safety Plan Information.

One of our most important educational tasks is to ensure a safe and comfortable place where students are able to learn. The development of our school safety plan supports this notion with specific strategies for creating a safe environment. A well-developed school safety plan is in place and is updated and approved by the school board annually. Our plan includes procedures to address disasters, dangerous pupils or persons, child abuse reporting, sexual harassment, dress code, safe ingress and egress, safe and orderly learning environment, rules of conduct and school discipline guidelines, and suspension and expulsion procedures. Our Positive Behavior and Intervention Support (PBIS) committee meets monthly to review our procedures and expectations and works to build a clear and cohesive system to maintain safety and maintain a positive school climate. District LCAP funds have provided a full-time educational coach to help with the implementation and further development of our PBIS plan. Time has been built into our school schedule for staff to teach our PBIS lessons and incentive plan.

Promoting positive and appropriate student behavior plays a strong role in our plan. A clearly defined and consistently enforced set of behavior standards is in place for our students and printed clearly in the school planner which is given to every student at the beginning of the year. The school administrators share behavior expectations, problem solving strategies, and recognition procedures for behavior contributing to a positive school climate. Students receive recognition for being safe, respectful and responsible. Weekly celebration assemblies are conducted to share and acknowledge student contributions towards a positive school culture at Junior High School.

Funds have been allocated for the implementation of Leadership a program that develops positive school culture for the campus.

We have incorporated the Virtues Project across all grade levels. Weekly, a virtues celebration is held.

Most recently, we replaced all of the old security cameras with state of the art security cameras. One Campus Supervisor is available to provide additional supervision before school, between classes, during lunch, and after school.

#### 2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	16	5	4	
Mathematics	16	5	4

#### **Professional Development**

A schedule has been developed and implemented district-wide to embed time for teachers to meet each Wednesday to collaborate on standards, instruction, assessment strategies and data. Staff development time is also built into after school meetings. In addition, professional development opportunities were available through Paradise Unified School District, Butte County Office of Education and other providers. Teachers participate in 21 hours of professional development annually. Content consisted of a variety of subject matter including English language arts, math, effective teaching strategies, addressing the needs of students with special needs, increasing student achievement, enriching the school environment and character education.

Four minimum days have been scheduled for K- 8 schools to provide for teacher collaboration amongst schools. These activities allow for grade level teams, content teams, as well as vertical teams to meet and work on district academic objectives. To facilitate the implementation of Common Core State Standards, district and site Title 1 professional development funds have supported teacher training. These training opportunities include county office of education workshops, on site presenters from the county office of education, site collaboration, teacher lead technology training, and off-site conferences such as the Computer Using Educators, or CUE, conference and Problem Based Learning. Paradise Junior High School teachers are implementing the College Preparatory Math series and all teachers are engaged in training that provides familiarity with the curriculum and instructional strategies. Teachers, administrators, school community representatives work to develop plans with in our local control budget plan to address areas of needed professional development.

There have been several trainings on PLCs during the 2021-2022 school year.
